### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with MaryAnne Armstrong on December 13, 2006.

The application has been amended as follows:

In claim 25, the text “, and wherein said effective amount is also an amount that is capable of causing a 100% inhibition of the replication of said retroviruses in primary cultures of monocytes of the host” in the last three lines of the claim has been deleted.

In claim 34, the text “and wherein said effective amount is also an amount that is capable of causing a 100% inhibition of the replication of said retroviruses in primary cultures of monocytes of the host” in the last three lines of the claim has been deleted.

These amendments delete the limitation associating the meaning of the term “effective amount” for the claimed in vivo process with the in vitro activity, thereby broadening the claim scope.
